[Blockchain](#) May 18 2021 Don't look any further if you want to learn about Blockchain Today! Nobody likes banks and, for a lot of people, it's for good reason. You go to the teller window five minutes before closing time and she won't acknowledge you because she just wants to close up and go home. Your Paypal account is tied to the banking system and they may yank your account access simply because you got an unusually large payment for something you sold on eBay. You wonder if the homeless aren't caught in some kind of Catch-22 where they can't get access to a decent apartment without a bank account and can't get a bank account without a photo ID that includes their home address. All of these are good points that could be solved with a new digital currency called Bitcoin. Bitcoin is always open for business and won't ignore you even when you want to use it to have a pizza delivered at two in the morning. It won't shut you out simply because you received a transaction worth thousands of dollars from someone buying your car. If you want to use it, literally all you need to do is download the wallet on a laptop or tablet. This is made possible by technology that doesn't care about much of anything except whether you have a device that can link to the Internet even if it means soaking up the free Wi-Fi at the coffee shop and the ability to copy-and-paste a string of letters and numbers or scan a QR code. It's called the Blockchain, a decentralized ledger that keeps track of debits and credits for all Bitcoin users. There are many ways that the Blockchain can benefit entrepreneurs beyond the fact that it's associated with a currency that makes fraudulent chargebacks impossible. It can be used for many applications that require a reliable and tamper-resistant means of record-keeping. It can be used to give you a competitive edge in a world where the economy is becoming increasingly global and customers increasingly care about how their goods are produced and can hop from one "next big thing" to the next pretty fast. If you're looking at the Blockchain, you probably have a few questions that this book will answer for you. Here Is A Sneak Peek Of What You Will Learn What is The Blockchain? What Can The Blockchain Be Used For? The Blockchain As Part Of Future Economics Cryptocurrencies Does The Blockchain Have Any Weaknesses? And Much Much More... Do Not Wait Any Longer And Get This Book For Only \$7.99!

Pokemon Black Version 2 and Pokemon White Version 2 Scenario Guide Oct 03 2022 A guide to the second Black and White versions of the popular game provides strategies, techniques, and descriptions of all the Pokæemon.

[A Hoser's Guide to Canadian History](#) Nov 23 2021 The great thing about being Canadian is simply this: we don't take ourselves too seriously, which works out pretty well because no one else on the planet takes us seriously, either. If you're reading this book, there's a good chance you're a Canadian. But what does that mean? There are the stereotypical nods, such as politeness and apologizing, but there's so much more! To be honest, you've probably taken part in (or at least talked about) hockey,outine, curling, canoes, health care, snowshoes, parkas, camping, beer, road work, Canadian Tire, Sturpees, moose, maple syrup, and Tim Hortons in the last 24 hours. "A Hoser's Guide to Canadian History" is your ticket to even more things "Canadian" that you may have missed during your water-cooler discussions, online chats, or your seventeen-hour wait in the local emergency room. As you read this book, you'll discover new and exciting facts about Canada that simply weren't taught in school. As a History teacher, I found the need to spread the unvarnished truth of this great nation's past. People like Sir John "Eh" MacDonald, Tommy Douglas, and Pierre Trudeau all had a distinct impact on this great country of ours, and part of their stories are included in these pages. Even less-famous folks who helped to shape Canada got a mention: John Humphrey, Laura Secord, and Egerton Ryerson. (Yes, "Egerton" is a real name.) Canada has an exciting past, full of events that have brought us to where we are now. Like all countries, we have some things we'd like to forget, but most of those unpleasant moments happened because we had morons in Parliament, something that doesn't happen anymore. Canadians have no need to apologize for being nice, honest, and caring people. So, please enjoy this book, and if you don't, well, I'm sorry.

Don't go there. It's not safe. You'll die. And other more >> rational advice for overlanding Mexico & Central America Apr 28 2022 Your complete guide for overlanding in Mexico and Central America. This book provides detailed and up-to-date information by country. It also includes 11 chapters of information for planning and preparing your trip and 9 chapters on what to expect while driving through Mexico and Central America. Completed by the authors of LifeRemotely.com this is the most comprehensive guide for driving the Pan American yet!

[How to Navigate the Medicare Maze](#) Mar 04 2020 A step-by-step guide through the complex Medicare Maze. The book breaks down Medicare Parts "A,B,C & D," Teaching what these parts cover, How do you apply, What are your options, and how to maximize your benefits while lower your costs and avoiding any penalties. The Glass Elevator Dec 13 2020 Breaking through glass ceilings in the workplace is dangerous business. There is now an easier (and safer) way for women to rise and succeed professionally. The Glass Elevator: A Guide to Leadership Presence for Women on the Rise shares the 9 critical skills that will enhance your ability to engage, connect, and influence in the workplace. Have you been holding yourself back by: - Not speaking up at meetings when you have value to add? - Failing to promote yourself to seniors in the workplace? - Shying away from challenges because you lack confidence? - Neglecting your networking inside and outside the company? - Living in a state of overwhelm at home and work? The author - one of New York's leading Executive Coaches - will teach you how to stop retreating and start ascending, employing the same expertise she uses to help her executive clients rise to the top. With Ground Floor Quizzes, Elevator Workouts, and Power Profiles of women leaders, this engaging book helps you master the must-have skills that will propel you upward. Pursue your professional aspirations one floor at a time by riding The Glass Elevator.

Rich Johnson's Guide to Trailer Boat Sailing May 30 2022 trailerable sailboat is the ideal way to explore the country ? wherever there is water. To make the most of this exciting lifestyle, owners of trailerable sailboats need three things ? an understanding of the boat and how to use it; knowledge about the tow vehicle and trailer used to transport the boat; and a spirited sense of adventure to live the dream. #13;#13; This book will help you get started. #13;#13; #13;

How to Design TED-Worthy Presentation Slides (Black and White Edition) Oct 11 2020 Black & White edition This is the B&W edition of the book. All pictures inside will be in grayscale. "Reading this book changed my presentation style and my slides, both for the better - and I've been a professional speaker for over 30 years."~ Becki L. James How to Design TED-Worthy Presentation Slides is a short, practical and step-by-step guide to creating sexy slides. It is based on an extensive analysis of some of the best TED speakers, such as Brene Brown, Daniel Pink, Amy Cuddy, Larry Lessig, Seth Godin, Bill Gates and many, many more. LEARN HOW TO BREATHE LIFE INTO YOUR SLIDES, INSTEAD OF DRAINING IT OUT OF YOUR AUDIENCE By the end of this guide, you too will be able to create sexy presentation slides that keep your audiences mesmerized. More importantly, you will be able to design presentations that breathe life into your slides, instead of draining it out of your audience. Here's just a taste of what you'll learn inside the book: •The most common mistake most presenters make – and how you can avoid it •The one principle that will make you better than 90% of most speakers •How to quickly create a presentation storyboard •Bill Gates' trick for transforming his slides from dull to dashing •The Seth Godin presentation formula •The importance of contrast •Locating and using sexy fonts •Spicing up your presentations with video •Displaying data without being dull •Ensuring consistency between slides •How to deliver a great TED talk (or any other speech or presentation) •And much, much more... "A must read...An essential tool for preparing effective, interesting and "sexy" presentations...a must read for any professional who wants to improve his communicational skills."~ Rosalinda Scalia "The lessons shared in this short book will go a long way to helping a person give better public presentations. The insights shared by Akash are like golden nuggets in a river full of info!"~ Alan Portugal "I have been teaching workshops at universities and Fortune 500 Campuses up and down the East Coast on building better presentations. Akash hits all the right notes in this book. A must read for anyone wanting to build powerful presentations."~ David Bishop "Excellent for those who want to really engage their audience. I incorporated many of the principles within and developed a more effective product presentation."~ Tom Tipps "Right on the mark. Just what I was looking for as a non-designer."~ Erik J. Zettelmayer "Make a greater impact with your presentations. While reading this book I was mentally reviewing my talks where I use PowerPoint slides. I am now changing some of those slides to make a greater impact on the listeners. These tips are easy to implement and make sense."~ John C. Erdman "As always we can expect the best from Akash and we are getting more."~ Payam Bahrampoor "This book gives practical advice. However, it does not stop there. It demonstrates how to use that advice, gives visual examples of what to do and what not to do and explains why. It turns creating a presentation from a dreaded event to one allowing creativity to flow and your passion about your subject matter to emerge on the screen through your slides."~ Pandora Training and Consulting "I will admit to rarely reviewing books. However, this book was such a step above any others I've read on the art of PowerPoint presentations, I had to give it a five star review."~ David Schwind

Digital Influencer Feb 01 2020 Featured on Forbes as a "marketing book you have to read before your competition!" As seen on Forbes, Entrepreneur Magazine, Inc. Magazine, Search Engine Land, Marketing Land and more. Take control now! Learn how to become an influencer from veteran UCSD teacher, online marketing consultant and CEO, John Lincoln. This book as exact, step-by-step strategies to reaching influence status. Get it now! It is all for a good cause. 100% of proceeds from the first 1,000 books sold will be donated to families where a member is struggling with cancer. Help us reach our goal. Digital Influencer Book Description | by John Lincoln, MBA, CEO, Entrepreneur, UCSD Teacher Who will you be in life? Will you be a follower? Or will you be an influencer? Definition Digital Influencer: An online persona with the power to stimulate the mindset and affect the decisions of others through real or perceived authority, knowledge, position, distribution or relationships. This book does not hold anything back. But neither can you if you want to be an influencer. You have to fully dedicate yourself, otherwise it is impossible. Too often, people believe that influencers are born, not made, and that we can't learn how to do what they do. Wrong! You can become an influencer and do so much more quickly if you are focused and know the right steps to take. This practical guide to becoming an influencer in your industry will explain what influence is and how it works. It will show you how to grow your following, build credibility and develop your identity as an authority in your field. It will provide direction in how to educate yourself, create compelling content, harness the power of social media and engage with your community. It will teach you how to build an online persona that is so powerful, a simple social media update or blog post will be able to affect change in your industry. This process works. I have done this for myself and hundreds of clients. This book is your shortcut to reaching influencer status fast. Instead of wasting decades or even your entire life trying to figure out what you need to do, I'm just going to tell you how it works. I'll also help you develop a personal plan. I am going to start off by giving you some important background information and concepts that are critical to know if you want to become an influencer. As we progress, I will give you more specifics regarding tools, strategies and even a timeline. This book is the complete guide to become a leader and influencer in your industry. Buy it now, it will be one of the best investments you have ever made in your career and life. Short Bio - John Lincoln John Lincoln is CEO of Ignite Visibility and a digital marketing teacher at the University of California San Diego. Lincoln has worked with over 400 online businesses and has generated millions in revenue for clients. He is a noted author on Search Engine Land, Marketing Land, Search Engine Journal and Entrepreneur Magazine and has been featured on Forbes, CIO Magazine, Good Morning San Diego, the Union Tribune and more. Lincoln has been awarded top conversion rate expert of the year, top SEO of the year, best social media campaign of the year and top analytics column of the year. In 2014 and 2015, Ignite Visibility was named #1 SEO company in California and top 2 in the nation.

The study guide contains over 1,500 questions with answers and over 150 images to assist private pilots in taking their pilot knowledge to an elite level. Be the most knowledgeable pilot at the airport.

The Complete Practical Fishpond Book Mar 16 2021 My aim in this book is to give essential advice on all the main aspects of freshwater garden fish ponds. I have tried to include some of the science of ponds while keeping the information easy to understand. Each chapter begins with an outline of the main points of the topic. Each point is then expanded on. My experience with ponds has mainly been in the warm temperate climate in Perth, Western Australia. The principles for fish ponds are similar worldwide but warm temperate climates like that of Perth intensify some of the problems in ponds. This book will therefore be particularly useful to pond owners in sunny climates. The book begins with pond design, starting with the position of the pond in the garden. I discuss the consequences of different pond sizes and depths, and of natural and artificial ponds. I talk about the advantages of a dual pond system. I give guidelines for these and for self-cleaning ponds. I also say why I recommend designing the pond with a sump, overflow, leaf skimmer, and automatic top-up valve. Lastly, I give my colour preference for the pond bottom and sides. Next, I advise on pond construction. Ponds can be built with concrete, bricks, rigid polyethylene, fibreglass or liners. I write about my experiences with ponds made from each of these materials and also my preferences for pipework materials. In the following chapter, I recommend various pumps, filters (including ultraviolet clarifiers), water features, underwater lights and copper ionizers. Choosing the right equipment will give you the right effect for the lowest cost and for the least effort. The chapter on fish gives information on types of fish, especially goldfish and koi. I advise on when a new pond is ready for fish and on the number of fish a pond can support. I give information on the handling, transporting, and feeding of fish, and on diseases and predators. The next chapter delivers general information on water plants, why you should have them and their role in the ecology of the pond. Plants provide shade, oxygen, food, habitat and cover from predators. They filter toxins and excessive nutrients from the water. I give advice on keeping plants, including information on fertilizer and pests. Finally, I give recommendations for pond maintenance including a routine. My advice is directed at pumps, filters, pond cleanliness, exchanging water and maintaining the pH and hardness. The maintenance is largely directed at algae control. I discuss the various forms of nuisance algae and control methods for microalgae, blanket weed, and slime algae. Other advice includes information on water testing and water treatments. Maintaining good water quality is fundamental to the success of any fish pond. "Good" water quality means the water's suitability for its proposed purpose. Water quality is affected by every aspect of a pond, from its design and construction to its pumps, filters and maintenance. Each chapter of this book tells how each aspect of the pond affects the water. Every fish pond is different. The solutions to one pond's problems may be very different to another pond's.

The Ultimate Guide to Unarmed Self Defense Apr 16 2021 "The Ultimate guide to unarmed self defense covers a comprehensive combination of techniques, training methods, and strategies designed to provide practitioners with highly efficient and effective self defense skills. In addition to physical techniques, non-physical awareness and prevention are also covered in great detail. The progression of techniques and training methods are presented as they would be taught in private lessons, and hundreds of easy to follow photos with directional arrows and ghost imaging make learning easier than ever" -- page [4] of cover.

The Harmonic Minor Scale and Its Modes for Eight String Guitar Aug 21 2021 This book maps the HARMONIC MINOR SCALE and its modes: HARMONIC MINOR, LOCRIAN NATURAL 6, IONIAN #5, DORIAN #4, DOMINANT PHRYGIAN, LYDIAN #2 and ALTERED bb7 for you on 8 string guitar in standard tuning. (F#,B,E,A,D,G,B,E) Each mode is mapped out all over the neck and as the 7, 3 note per string patterns that link together to let you play in any mode in any key anywhere on the guitar neck, as several 4 octave options and as 4 NPS patterns based on extended 3NPS patterns giving you the freedom to move 3 and 4 note sequences around the neck. The scales have been mapped out showing all the relative intervals in each pattern making it much easier for you to apply the information to your playing by putting the dots in a harmonic context.

Growing from the Roots Jul 20 2021 The roots of healthy development are nurtured when children's needs are met and they are allowed to experience life for themselves with guidance, not control. This is the foundation of the non-judgmental, emotionally connected style of parenting presented in "Growing From the Roots: A Practical Guide to the Art of Parenting". This book provides many down-to-earth parenting tools to help promote connections between parents and children as well as valuable examples that model how to communicate with children to support their growth into confident and compassionate adults. This is a comprehensive look at parenting; from helping our children gain self-esteem to how we can get through the day without feeling we are going to explode! The author's own experiences as a mother, a child and family therapist and a preschool teacher contribute to a rich understanding of what parents and children experience, providing relevant and invaluable tools and support for parents of young children.

Surge Feb 12 2021 How many times have you had an idea that you were really passionate about—one that you really believed was important? How many times have you waited until you had the perfect amount of time or the perfect environment or the perfect set of circumstances to act on that idea? How many times have your ideas vanished into thin air because those "perfect" opportunities never came? No more. We've been on a two-decade quest to find better ways to take action on our ideas—and share those strategies with others. In this book, you'll learn exactly how to harness the power of now to take action on your ideas. You'll learn how to alleviate anxiety, face your fears, and overcome overwhelm—all so you can bring your ideas to life.
