**The Clothes They Stood Up In and The Lady and the Van** Jun 01 2020 From Alan Bennett, the author of *The Madness of King George*, come two stories about the strange nature of possessions...or the lack of them. In the nationally bestselling novel *The Clothes They Stood Up In*, the staid Ransomes return from the opera to find their Regent's Park flat stripped bare--right down to the toilet-paper roll. Free of all their earthly belongings, the couple faces a perplexing question: Who are they without the things they've spent a lifetime accumulating? Suddenly a world of unlimited, frightening possibility opens up before them. In "The Lady in the Van," which *The Village Voice* called "one of the finest bursts of comic writing the twentieth century has produced," Bennett recounts the strange life of Miss Shepherd, a London eccentric who parked her van (overstuffed with decades' worth of old clothes, oozing batteries, and kitchen utensils still in their original packaging) in the author's driveway for more than fifteen years. A mesmerizing portrait of an outsider with an acquisitive taste and an indomitable spirit, this biographical essay is drawn with equal parts fascination and compassion.

**The Knight, the Lady and the Priest** Aug 03 2020 This ambitious study sets out to discover what marriage meant in the daily lives of the nobles of the tenth, eleventh, and twelfth centuries. Through entertaining anecdotes, family dramas, and striking quotations, Duby succeeds in bringing his subjects to life, making us feel as if we understand the motives and conflicts of those who inhabited the distant past. "It is typical of Duby's modest spirit and his book-long concern with the ancient status of beleaguered wives that he ends his study with a plea: 'We must not forget the women. Much has already been said about them. But how much do we really know?' Not everything, certainly, but far more than we did before the author began these charmingly erudite investigations."—Ken Turan, *Time* "It is refreshing to find a historian who is always conscious that we simply do not know what or how people thought 1000 years ago. . . . Duby explains the complicated machinations of the medieval churchman and the paterfamilias in a scholarly but lively style."—Sarah Lawson,

New Statesman "Duby has written an extraordinarily rich book—a panoramic view of medieval marriage and the relations between men and women, full of arresting insights and human detail. . . . It is the work of a master historian at the peak of his powers on a subject of central relevance, compulsive and essential reading."—P. Stafford, *British History* Georges Duby (1919-1996) was a member of the Académie française and for many years held the distinguished chair in medieval history at the Collège de France. His books include *The Three Orders*; *The Age of Cathedrals*; *The Knight, the Lady, and the Priest*; *Love and Marriage in the Middle Ages*; and *History Continues*, all published by the University of Chicago Press.

**The Lady from the Black Lagoon** Jun 20 2019 The Los Angeles Times Bestseller A Tor.com Most Anticipated Book of 2019 A PureWow "Book We Can't Wait to Read in 2019" A Bustle Nonfiction Book Coming Out In 2019 To Start Getting Excited About The Lady from the Black Lagoon uncovers the life and work of Milicent Patrick—one of Disney's first female animators and the only woman in history to create one of Hollywood's classic movie monsters As a teenager, Mallory O'Meara was thrilled to discover that one of her favorite movies, *Creature from the Black Lagoon*, featured a monster designed by a woman, Milicent Patrick. But for someone who should have been hailed as a pioneer in the genre, there was little information available. For, as O'Meara soon discovered, Patrick's contribution had been claimed by a jealous male colleague, her career had been cut short and she soon after had disappeared from film history. No one even knew if she was still alive. As a young woman working in the horror film industry, O'Meara set out to right the wrong, and in the process discovered the full, fascinating story of an ambitious, artistic woman ahead of her time. Patrick's contribution to special effects proved to be just the latest chapter in a remarkable, unconventional life, from her youth growing up in the shadow of Hearst Castle, to her career as one of Disney's first female animators. And at last, O'Meara discovered what really had happened to Patrick after *The Creature's* success, and where she went. A true-life detective story and a celebration of a forgotten feminist trailblazer, Mallory O'Meara's *The Lady from the Black Lagoon* establishes Patrick in her rightful place in film history while calling out a Hollywood culture where little has changed since.

**The Lady and the Panda** May 12 2021 Here is the astonishing true story of Ruth Harkness, the Manhattan bohemian socialite who, against all but impossible odds, trekked to Tibet in 1936 to capture the most mysterious animal of the day: a bear that had for countless centuries lived in secret in the labyrinth of lonely cold mountains. In *The Lady and the Panda*, Vicki Constantine Croke gives us the remarkable account of Ruth Harkness and her extraordinary journey, and restores Harkness to her rightful place along with Sacajawea, Nellie Bly, and Amelia Earhart as one of the great woman adventurers of all time. Ruth was the toast of 1930s New York, a dress designer newly married to a wealthy adventurer, Bill Harkness. Just weeks after their wedding, however, Bill decamped for China in hopes of becoming the first Westerner to capture a giant panda—an expedition on which many had embarked and failed miserably. Bill was also to fail in his quest, dying horribly alone in China and leaving his widow heartbroken and adrift. And so Ruth made the fateful decision to adopt her husband's dream as her own and set off on the adventure of a lifetime. It was not easy. Indeed, everything was against Ruth Harkness. In decadent Shanghai, the exclusive fraternity of white male explorers patronized her, scorned her, and joked about her softness, her lack of experience and money. But Ruth ignored them, organizing, outfitting, and leading a bare-bones campaign into the majestic but treacherous hinterlands where China borders Tibet. As her partner she chose Quentin Young, a twenty-two-year-old Chinese explorer as unconventional as she was, who would join her in a romance as torrid as it was taboo. Traveling across some of the toughest terrain in the world—nearly impenetrable bamboo forests, slick and perilous mountain slopes, and boulder-strewn passages—the team raced against a traitorous rival, and was constantly threatened by hordes of bandits and hostile natives. The voyage took months to complete and cost Ruth everything she had. But when, almost miraculously, she returned from her journey with a baby panda named Su Lin in her arms, the story became an international sensation and made the front pages of newspapers around the world. No animal in history had gotten such attention. And Ruth Harkness became a hero. Drawing extensively on American and Chinese sources, including diaries, scores of interviews, and previously unseen intimate letters from Ruth Harkness, Vicki Constantine Croke has fashioned a captivating and richly textured narrative about a woman ahead of her time. Part Myrna Loy, part Jane Goodall, by turns wisecracking and poetic, practical and spiritual, Ruth Harkness is a trailblazing figure. And her story makes for an unforgettable, deeply moving adventure.

[The Lady and the Pirate: Being the Plain Tale of a Diligent Pirate and a Fair Captive](#) Apr 30 2020 I WAS sitting at one of my favorite spots engaged in looking through my fly-book for some lure that might, perhaps, mend my luck in the afternoon's fishing. At least, I had within the moment been so engaged; although the truth is that the evening was so exceptionally fine, and the spot always so extraordinarily attractive to me—this particular angle of the stream, where the tall birches stand, being to my mind the most beautiful bit on my whole estate—that I had forgotten all about angling and was sitting with rod laid by upon the bank, the fly-book scarce noted in my hand. Moreover, a peculiarly fine specimen of *Anopheles*, (as I took it to be) was at that very moment hovering over my hand, and I was anxious to confirm my judgment as well as to enlarge my collection of mosquitoes. I had my other hand in a pocket feeling for the little phial in which I purposed to enclose *Anopheles*, if I could coax him to alight. Indeed, I say, I was at that very moment as happy as a man need be; or, at least, as happy as I ever expected to be. Imagine my surprise, therefore, at that moment to hear a voice, apparently intended for me, exclaim, "Halt! Caitiff!" I looked up, more annoyed than displeased or startled. It is not often one sees so fine a specimen of *Anopheles*; and one could have sworn that, but for my slight involuntary movement of the hand, he must have settled; after which—*crede experto!*—he would have been the same as in my phial, and doomed to the chloroform within the next hour. Besides, no matter who one may be or how engaged, it is not wholly seemly to be accosted as a caitiff, when one is on one's own land, offending no man on earth, owing no debt and paying no tribute, feudal, commercial, military or personal, to any man on earth.
