[The Bluest of Blues](#) Jan 11 2021 A gorgeous picture book biography of botanist and photographer Anna Atkins--the first person to ever publish a book of photography After losing her mother very early in life, Anna Atkins (1799-1871) was raised by her loving father. He gave her a scientific education, which was highly unusual for women and girls in the early 19th century. Fascinated with the plant life around her, Anna became a botanist. She recorded all her findings in detailed illustrations and engravings, until the invention of cyanotype photography in 1842. Anna used this new technology in order to catalogue plant specimens—a true marriage of science and art. In 1843, Anna published the book *Photographs of British Algae: Cyanotype Impressions* with handwritten text and cyanotype photographs. It is considered the first book of photographs ever published. Weaving together histories of women, science, and art, *The Bluest of Blues* will inspire young readers to embark on their own journeys of discovery and creativity.

Hidden by her parents following the death of her older sisters, Anna is called to Vizudar training by her mentor and finds a life more rewarding than any she ever imagined for herself. But overcoming the doubts her superiors harbor about her abilities proves to be much easier than conquering the doubts Anna has about herself and about her love for Nicco. Those doubts and emotions are cruelly exploited by the servant of a far more deadly master. Longlisted for the 2016 National Book Award for Young People's Literature Stonewall Book Award Honor "McLemore's second novel is such a lush surprising fable, you half expect birds to fly out of the pages... McLemore uses the supernatural to remind us that the body's need to speak its truth is primal and profound, and that the connection between two people is no more anyone's business than why the dish ran away with the spoon." --Jeff Giles, New York Times Book Review Anna-Marie McLemore's debut novel *The Weight of Feathers* was greeted with rave reviews, a YALSA Morris Award nomination, and spots on multiple "Best YA Novels" lists. Now, McLemore delivers a second stunning and utterly romantic novel, again tinged with magic. To everyone who knows them, best friends Miel and Sam are as strange as they are inseparable. [Stranger to the Moon](#) Nov 28 2019 A fantastical novel about power and subservience by the great Evelio Rosero, winner of Colombia's National Literature Prize The writer Evelio Rosero has never been one to shy away from the darker aspects of Colombia's history and society. His magnificent *Stranger to the Moon* portrays a world that seems to exist outside history and geography, but taps into the dark myths and collective subconscious of his country's harrowing inequality and violence. A parable of pointed social criticism, with naked humans imprisoned in a house to serve the needs of "the vicious clothed-ones," the novel describes what ensues when a single "naked-one" privately rebels, risking his own death and that of his fellow prisoners. Each subsequent section of the book adds further layers to the ritualistic and bizarre social order that its characters inhabit. Trained insects and reptiles spy on all the naked-ones, and only the most fortunate reach old age (often by taking up strategic spots near the kitchen and grabbing for the fiercely contested food). *Stranger to the Moon* is a powerfully brave and distinctive novel by a writer who is arguably Colombia's greatest living author.

mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. Look for David Grann's new book, *The Wager*, coming in April 2023!

[Uncovering Anna Perenna](#) Sep 26 2019 The figure of Anna Perenna embodies the complexity and richness of the Roman mythological tradition. In exploring Anna Perenna, the contributors apply different perspectives and critical methods to an array of compelling evidence drawn from central texts, monuments, coins, and inscriptions that encapsulate Rome's shifting artistic and political landscape. As a collection, *Uncovering Anna Perenna* provides a unique examination that represents the interdisciplinary intersection between Roman literature, history, and culture. The assembled chapters offer thought-provoking and insightful discussions written by specialists in Roman myth and religion, literary studies, and ancient history. A convergence of different perspectives within the collection, including comparative literature, gender and sexuality, literary criticism, and reception, results in a rich and varied investigation. Organized into four parts, the volume explores Anna along four conceptual lines: her liminal nature as a Carthaginian figure coopted into Rome's literary, mythological, and artistic heritage; her capacity as a Roman goddess and nymph; her political and cultural associations with plebeian and populist ideology; and her intriguing influence on James Joyce's *Finnegans Wake*.

A New York Public Library Best Book of the Year It is 1940 and William, 12, Edmund, 11, and Anna, 9, aren't terribly upset by the death of the not-so-grandmotherly grandmother who has taken care of them since their parents died. But the children do need a guardian, and in the dark days of World War II London, those are in short supply, especially if they hope to stay together. Could the mass wartime evacuation of children from London to the countryside be the answer? It's a preposterous plan, but off they go-- keeping their predicament a secret, and hoping to be placed in a temporary home that ends up lasting forever. Moving from one billet to another, the children suffer the cruel trickery of foster brothers, the cold realities of outdoor toilets and the hollowness of empty stomachs. But at least they find comfort in the village lending library-- a cozy shelter from the harshness of everyday life, filled with favorite stories and the quiet company of Nora Müller, the kind librarian. The children wonder if Nora could be the family they've been searching for. . . . But the shadow of the war, and the unknown whereabouts of Nora's German husband complicate matters. *A Place to Hang the Moon* is a story about the importance of family: the one you're given, and the one you choose. Filled with rich, sensory prose, allusions to classic children's stories like *A Little Princess*, *Mary Poppins*, and *The Story of Ferdinand*, this cozy tale with a classic feel is sure to warm your heart.
