The Road May 06 2020 NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (*San Francisco Chronicle*). A father and his son walk alone through burned America. Nothing moves in the ravaged

landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

Reading the Silver Screen Aug 21 2021 From the New York Times bestselling author of How to Read Literature Like a Professor comes an indispensable analysis of our most celebrated medium, film. No art form is as instantly and continuously gratifying as film. When the house lights go down and the lion roars, we settle in to be shocked, frightened, elated, moved, and thrilled. We expect magic. While we're being exhilarated and terrified, our minds are also processing data of all sorts—visual, linguistic, auditory, spatial—to collaborate in the construction of meaning. Thomas C. Foster's Reading the Silver Screen will show movie buffs, students of film, and even aspiring screenwriters and directors how to transition from

merely being viewers to becoming accomplished readers of this great medium. Beginning with the grammar of film, Foster demonstrates how every art form has a grammar, a set of practices and if-then propositions that amount to rules. He goes on to explain how the language of film enables movies to communicate the purpose behind their stories and the messages they are striving to convey to audiences by following and occasionally breaking these rules. Using the investigative approach readers love in *How to Read Literature Like a Professor*, Foster examines this grammar of film through various classic and current movies both foreign and domestic, with special recourse to the “AFI 100 Years-100 Movies” lists. The categories are idiosyncratic yet revealing. In *Reading the Silver Screen*, readers will gain the expertise and confidence to glean all they can from the movies they love.

Reel Bad Arabs Jun 26 2019 A groundbreaking book that dissects a slanderous history dating from cinema's earliest days to contemporary Hollywood blockbusters that feature machine-gun wielding and bomb-blowing "evil" Arabs Award-winning film authority Jack G. Shaheen, noting that only Native Americans have been more relentlessly smeared on the silver screen, painstakingly makes his case that "Arab" has remained Hollywood's shameless shorthand for "bad guy," long after the movie industry has shifted its portrayal of other minority groups. In this comprehensive study of over one thousand films, arranged alphabetically in such chapters as "Villains," "Sheikhs," "Cameos," and "Cliffhangers," Shaheen documents the tendency to portray Muslim Arabs as Public Enemy #1—brutal, heartless, uncivilized Others bent on terrorizing civilized Westerners. Shaheen examines how and why such a stereotype has grown and spread in the film industry and what may be done to change Hollywood's defamation of Arabs.
