Murder City Feb 20 2022 Ciudad Juarez lies just across the Rio Grande from El Paso, Texas. A once-thriving border town, it now resembles a failed state. Infamously known as the place where women disappear, its murder rate exceeds that of Baghdad. In Murder City, Charles Bowden-one of the few journalists who spent extended periods of time in Juarez-has written an extraordinary account of what happens when a city disintegrates. Interweaving stories of its inhabitants-a beauty queen who was raped, a repentant hitman, a journalist fleeing for his life-with a broader meditation on the town's descent into anarchy, Bowden reveals how Juarez's culture of violence will not only worsen, but inevitably spread north. Heartbreaking, disturbing, and unforgettable, Murder City was written at the height of his powers and established Bowden as one of America's leading journalists.

Murder in a Library Feb 26 2020 Public libraries are not often thought of as the scene of serious crimes. That is why when the body of a librarian is found strangled in her office with over fifty people just outside in the adjacent reading room, the case attracts so much attention. Yet the crime seems to have no reason, no motive. After all, why would anyone want to kill a sixty year old spinster, particularly in such a public place. With the newspapers clamoring for action, the police chief finds himself turning to his old friend, Harley Manners, professor of abnormal psychology, with the hopes that he can shed light on the mystery of the . . . Murder in a Library!

Surprise, Kill, Vanish Apr 29 2020 From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla

warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, *Surprise, Kill, Vanish* brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

The Walking Dead Apr 22 2022 The story of nineteen-year-old Pfc. Craig Roberts's 1965 experiences with the 9th Marines in Vietnam follows their terrifying encounters at Cam Ne, Le Son, the Phong Le Bridge, and in "Operation Starlight." Reissue.

Jungle Rules Jan 19 2022 From the author of the military classics *Marine Sniper* and *Silent Warrior* comes the riveting tale of a dramatic military trial and a war within a war, where the fight is not for victory, but survival... In Vietnam, there's the way things are supposed to be done—and the way they actually get done. Playing by "Jungle Rules," the U.S. military tries to keep control of whatever situation arises, often allowing convenience to outweigh justice. This is the battlefield Captain Terry O'Connor of

the JAG Corps is stepping onto—and the battle is about to start with a murder. After a long day in the boonies, Private Celestine Anderson returned to base, only to come under fire from a group of racist white marines. He apparently snapped, and buried his field axe in the skull of one of his tormentors. The inexperienced O'Connor has been assigned to defend him in a trial that seems to begin as an open-and-shut case, but ends up pulling O'Connor into the heart of the Vietnam conflict, where bullets overrule books and death is the final judge. This recounting of a true story of brutality and justice continues Charles Henderson's tradition of bringing readers into the heart of the American experience in Vietnam.

To Kill a Mockingbird Sep 22 2019 Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

The Piano Lesson Mar 29 2020 The revival of August Wilson's Pulitzer Prize-winning play starring Samuel L. Jackson, Danielle Brooks, and John David Washington is now on Broadway! Winner of the New York Drama Critics Circle Award for Best Play, this modern American classic is about family, and the legacy of slavery in America. August Wilson has already given the American theater such spell-binding plays about the black experience in 20th-century America as *Ma Rainey's Black Bottom*, *Joe Turner's Come and Gone*, and the Pulitzer Prize-winning *Fences*. In his second Pulitzer Prize-winner, *The Piano Lesson*, Wilson has fashioned perhaps his

most haunting and dramatic work. At the heart of the play stands the ornately carved upright piano which, as the Charles family's prized, hard-won possession, has been gathering dust in the parlor of Berniece Charles's Pittsburgh home. When Boy Willie, Berniece's exuberant brother, bursts into her life with his dream of buying the same Mississippi land that his family had worked as slaves, he plans to sell their antique piano for the hard cash he needs to stake his future. But Berniece refuses to sell, clinging to the piano as a reminder of the history that is their family legacy. This dilemma is the real "piano lesson," reminding us that blacks are often deprived both of the symbols of their past and of opportunity in the present.

Terminal Impact Aug 14 2021 From the author of *Marine Sniper*—the classic true account of Sergeant Carlos Hathcock—comes a gripping and gritty novel about a sniper on the trail of al-Qaeda terrorist Abu Musab al-Zarqawi in post-9/11 Iraq... At age twenty, Marine Scout-Sniper Jack Valentine had his first kill in Iraq at the start of the Persian Gulf War. Now it's 2006, and he's back in Baghdad, obsessed with taking down al-Qaeda terrorist Abu Musab al-Zarqawi. Jack missed his first shot at Zarqawi, and it's haunted him ever since—even though the attack struck fear into the black hearts of the jihadists and earned him the name the Ghost of Anbar. Now leading his own special operations platoon, Jack is determined to hunt down and take out his target this time. But the jihadists are not his only enemies. The ruthless, amoral leader of a band of mercenaries is feeding al-Qaeda secret information—and also pursuing the love of Jack's life, FBI agent Liberty Cruz. Jack may soon find himself in the crosshairs if he doesn't eliminate his rival first...

Silent Warrior Aug 26 2022 The sequel to *Marine Sniper: 93 Confirmed Kills* continues the story of U.S. Marine Corps sniper Carlos Hathcock and his accomplishments as a veteran of the Vietnam War, detailing his most difficult and dangerous missions. Reprint.

This Nonviolent Stuff'll Get You Killed Dec 18 2021 Visiting Martin Luther King, Jr. at the peak of the civil rights movement, the journalist William Worthy almost sat on a loaded pistol. "Just for self-defense," King assured him. One of King's advisors remembered the reverend's

home as “an arsenal.” Like King, many nonviolent activists embraced their constitutional right to self-protection—yet this crucial dimension of the civil rights struggle has been long ignored. In *This Nonviolent Stuff'll Get You Killed*, civil rights scholar Charles E. Cobb, Jr. reveals how nonviolent activists and their allies kept the civil rights movement alive by bearing—and, when necessary, using—firearms. Whether patrolling their neighborhoods, garrisoning their homes, or firing back at attackers, these men and women were crucial to the movement's success, as were the weapons they carried. Drawing on his firsthand experiences in the Southern Freedom Movement and interviews with fellow participants, Cobb offers a controversial examination of the vital role guns have played in securing American liberties.

The Murder, Betrayal, and Slaughter of the Glorious Charles, Count of Flanders Jan 07

2021 In 1127 Charles the Good, count of Flanders, was surrounded by assassins while at prayer and killed by a sword blow to the forehead. His murder upset the fragile balance of power between England, France, and the Holy Roman Empire, giving rise to a bloody civil war while impacting the commercial life of medieval Europe. The eyewitness account by the Flemish cleric Galbert of Bruges of the assassination and the struggle for power that ensued is the only journal to have survived from twelfth century Europe. This new translation by medieval studies expert Jeff Rider greatly improves upon all previous versions, substantially advancing scholarship on the Middle Ages while granting new life and immediacy to Galbert's well informed and courageously candid narrative.

Killers of the Flower Moon Dec 06 2020

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman,

Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. Look for David Grann's new book, *The Wager*, coming in April 2023!

Hill 488 May 23 2022 For some, Hill 488 was just another landmark in the jungles of Vietnam. For the eighteen men of Charlie Company, it was

a last stand. This is the stirring combat memoir written by Ray Hildreth, one of the unit's survivors. On June 13, 1966, men of the 1st Recon Battalion, 1st Marine Division were stationed on Hill 488. Before the week was over, they would fight the battle that would make them the most highly decorated small unit in the entire history of the U.S. military, winning a Congressional Medal of Honor, four Navy Crosses, thirteen Silver Stars, and eighteen Purple Hearts -- some of them posthumously. During the early evening of June 15, a battalion of hardened North Vietnamese regulars and Viet Cong -- outnumbering the Americans 25-to-1 -- threw everything they had at the sixteen Marines and two Navy corpsmen for the rest of that terror-filled night. Every man who held the hill was either killed or wounded defending the ground with unbelievable courage and unflagging determination -- even as reinforcements were on the way. All they had to do was make it until dawn....

Their only mission: wait, watch, and when the target is in sight, put the... Crosshairs on the Kill Zone From the authors of the classic sniper chronicle One Shot-One Kill comes a new generation of true tales from some of the most expert and deadly marksmen in the world. Meet Adelbert Waldron II, whose 109 confirmed kills in Vietnam made him the most successful sniper in American military history, and Tom "Moose" Ferran, who coined the term "Fetch!", whereupon the infantry would retrieve the sniper's dead quarry. Also included are stories from snipers in Beirut, the Bosnian conflict, and both wars with Iraq -- including the feat of Sergeants Joshua Hamblin and Owen Mulder, who took down thirty-two enemy soldiers in a single day outside Baghdad in 2003. The military sniper has evolved into one of the most dangerous and highly-skilled warrior

professions. They suffer through weather, terrain, and enemy action, lay unmoving for days on end, and take out their targets with unerring accuracy -- proving that the deadliest weapon in any battle, anywhere in the world, is a single well-aimed shot.

Series of Murders Jun 12 2021 For once Charles Paris is gainfully employed in the role of Sergeant Clump in what promises to be a long-running TV series based on rather dated 1930s detective novels. Yet once again, Charles finds himself in the role of real-life detective when he discovers a young actress's body crushed beneath a props case, and sets out to prove his hunch that she was murdered.

Arc of Justice Apr 10 2021 An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.

The Racial Contract Aug 22 2019 The Racial Contract puts classic Western social contract theory, deadpan, to extraordinary radical use. With a sweeping look at the European

expansionism and racism of the last five hundred years, Charles W. Mills demonstrates how this peculiar and unacknowledged "contract" has shaped a system of global European domination: how it brings into existence "whites" and "non-whites," full persons and sub-persons, how it influences white moral theory and moral psychology; and how this system is imposed on non-whites through ideological conditioning and violence. The Racial Contract argues that the society we live in is a continuing white supremacist state. As this 25th anniversary edition—featuring a foreword by Tommy Shelbie and a new preface by the author—makes clear, the still-urgent *The Racial Contract* continues to inspire, provoke, and influence thinking about the intersection of the racist underpinnings of political philosophy.

Precious Victims Feb 08 2021 In June 1986 the police in Jersey County, Illinois accepted Paula Sims's story of a masked kidnapper who snatched her baby girl Lorelei from her bassinet. Three years later her second newborn daughter suffered an identical fate and this time the police were unable to stop searching until they had discovered the whole, horrifying truth. This is the full terrifying story of twisted sexuality and hate seething below the surface of a seemingly normal family, and of the massive investigation and nerve shattering trial that made the unthinkable a reality. Written by the lawyer who won the case and the reporter who covered its entirety, the reader is given a unique close-up of the riveting drama that unfolds, painting a dark picture of the depraved family who lived with a murderous secret.

Solar Kill Jun 19 2019 First book in the Sand Wars tetralogy, *Solar Kill* tells of a soldier, left to fight a losing battle against mankind's alien foe, in an alien-altered suit of armor which could transform him into a merciless killing machine. It is the story of his desperate struggle to survive and his determination to claim justice for the lives and worlds wrongfully destroyed.

Chaos Nov 17 2021 A journalist's twenty-year fascination with the Manson murders leads to shocking new revelations about the FBI's involvement in this riveting reassessment of an infamous case in American history. Over two grim nights in Los Angeles, the young followers of Charles Manson murdered seven people,

including the actress Sharon Tate, then eight months pregnant. With no mercy and seemingly no motive, the Manson Family followed their leader's every order -- their crimes lit a flame of paranoia across the nation, spelling the end of the sixties. Manson became one of history's most infamous criminals, his name forever attached to an era when charlatans mixed with prodigies, free love was as possible as brainwashing, and utopia -- or dystopia -- was just an acid trip away. Twenty years ago, when journalist Tom O'Neill was reporting a magazine piece about the murders, he worried there was nothing new to say. Then he unearthed shocking evidence of a cover-up behind the "official" story, including police carelessness, legal misconduct, and potential surveillance by intelligence agents. When a tense interview with Vincent Bugliosi -- prosecutor of the Manson Family and author of *Helter Skelter* -- turned a friendly source into a nemesis, O'Neill knew he was onto something. But every discovery brought more questions: Who were Manson's real friends in Hollywood, and how far would they go to hide their ties? Why didn't law enforcement, including Manson's own parole officer, act on their many chances to stop him? And how did Manson -- an illiterate ex-con -- turn a group of peaceful hippies into remorseless killers? O'Neill's quest for the truth led him from reclusive celebrities to seasoned spies, from San Francisco's summer of love to the shadowy sites of the CIA's mind-control experiments, on a trail rife with shady cover-ups and suspicious coincidences. The product of two decades of reporting, hundreds of new interviews, and dozens of never-before-seen documents from the LAPD, the FBI, and the CIA, *Chaos* mounts an argument that could be, according to Los Angeles Deputy District Attorney Steven Kay, strong enough to overturn the verdicts on the Manson murders. This is a book that overturns our understanding of a pivotal time in American history.

Kids Who Kill Nov 24 2019 - Brenda Spencer, 17 years old, opened fire on a crowded elementary schoolyard with a semi-automatic rifle because "Mondays always get me down." - Timothy Dwaine Brown, 16 years old, beat his brother to death before killing his grandparents in cold blood. - Molested repeatedly by her father, 16-year-old Cheryl Pierson hired a classmate to

execute him. - Two Missouri brothers, ages four and six, attacked and brutally murdered a baby girl because "she was ugly." centerThere is a new breed of killers loose in America today -- and its numbers are growing at an astounding rate. They are responsible for over ten percent of the nation's homicides. They are often victims themselves of neglect, violence and sexual abuse, of drugs and poverty. They murder alone or in groups -- in anger and frustration, for attention . . . or for thrills. And they have one thing in common: they are all children.

A Sniper in the Tower Mar 09 2021 On August 1, 1966, Charles Joseph Whitman ascended the University of Texas Tower and committed what was then the largest simultaneous mass murder in American history. He gunned down forty-five people inside and around the Tower before he was killed by two Austin police officers. During the previous evening he had killed his wife and mother, bringing the total to sixteen people dead and at least thirty-one wounded. The murders spawned debates over issues which still plague America today: domestic violence, child abuse, drug abuse, military indoctrination, gun control, the insanity defense, and the delicate balance between civil liberties and public safety.

War's End Mar 21 2022 On August 9, 1945, on the tiny island of Tinian in the South Pacific, a twenty-five-year-old American Army Air Corps major named Charles W. Sweeney climbed aboard a B-29 Superfortress in command of his first combat mission, one devised specifically to bring a long and terrible war to a necessary conclusion. In the belly of his bomber, Bock's Car, was a newly developed, fully armed weapon that had never been tested in a combat situation. It was a weapon capable of a level of destruction never before dreamed of in the history of the human race, a bomb whose terrifying aftershock would ultimately determine the direction of the twentieth century and change the world forever. The last military officer to command an atomic mission, Major General Charles W. Sweeney has the unique distinction of having been an integral part of both the Hiroshima and the Nagasaki bombing runs. Now updated with a new epilogue from the co-author, his book is an extraordinary chronicle of the months of careful planning and training; the setbacks, secrecy, and snafus; and the nerve-shattering final seconds and the astonishing aftermath of what is arguably the most significant single event in modern history: the employment of an atomic weapon during wartime. The Devil You Know Jul 01 2020 INSTANT NEW YORK TIMES BESTSELLER A New York Times Editor's Choice | A Kirkus Best Nonfiction Book of the Year From journalist and New York Times bestselling author Charles Blow comes a powerful manifesto and call to action, "a must-read in the effort to dismantle deep-seated poisons of systemic racism and white supremacy" (San Francisco Chronicle). Race, as we have come to understand it, is a fiction; but, racism, as we have come to live it, is a fact. The point here is not to impose a new racial hierarchy, but to remove an existing one. After centuries of waiting for white majorities to overturn white supremacy, it seems to me that it has fallen to Black people to do it themselves. Acclaimed columnist and author Charles Blow never wanted to write a "race book." But as violence against Black people—both physical and psychological—seemed only to increase in recent years, culminating in the historic pandemic and protests of the summer of 2020, he felt compelled to write a new story for Black Americans. He envisioned a succinct, counterintuitive, and impassioned corrective to the myths that have for too long governed our thinking about race and geography in America. Drawing on both political observations and personal experience as a Black son of the South, Charles set out to offer a call to action by which Black people can finally achieve equality, on their own terms. So what will it take to make lasting change when small steps have so frequently failed? It's going to take an unprecedented shift in power. The Devil You

Know is a groundbreaking manifesto, proposing nothing short of the most audacious power play by Black people in the history of this country. This book is a grand exhortation to generations of a people, offering a road map to true and lasting freedom.

One Shot One Kill Sep 27 2022 They are the lone wolves of the battlefield. Tracking the enemy, lying in wait for the target to appear—then they shoot to kill. Armed with an unerring eye, infinite patience and a mastery of camouflage, combat snipers stalk the enemy with only one goal... In World War II, Korea, Vietnam, and Beirut, American snipers honed the art of delivering a single deadly shot from nowhere—and devastating enemy morale. They met the enemy on his own turf, picking off officers, unwary soldiers, and even other snipers from extraordinary distances of up to 1 ½ miles. Now, these uncommon men tell their stories: of the emotions felt when a man's face came into their crosshairs and they pulled the trigger, of the nerve-wracking hours and days of waiting, motionless, for the enemy, of the primal savagery of a sniper duel. Often trained haphazardly in wartime, and forgotten in times of peace, combat snipers were officially recognized after the Vietnam War, when the Marine Corps became the first military branch to start a full-time sniper school. One Shot-One Kill is their powerful record of desperate trials and proud victories. A main selection of the Military Book Club!

Crosshairs on the Kill Zone Jul 25 2022 From the jungles of Vietnam to the unforgiving deserts of Afghanistan and Iraq, one breed of soldier has achieved legendary status in the arena of combat—the sniper. From the authors of the classic sniper chronicle *One Shot-One Kill* comes a new generation of true tales from some of the most expert and deadly marksmen in the world. Meet Adelbert Waldron II, whose 109 confirmed kills in Vietnam made him the most successful sniper in American military history, and Tom "Moose" Ferran, who coined the term "Fetch!", whereupon the infantry would retrieve the sniper's dead quarry. Also included are stories from snipers in Beirut, the Bosnian conflict, and both wars with Iraq—including the feat of Sergeants Joshua Hamblin and Owen Mulder, who took down thirty-two enemy soldiers in a single day outside Baghdad in 2003. The military sniper has evolved into one of the most dangerous and highly-skilled warrior professions. They suffer through weather, terrain, and enemy action, lay unmoving for days on end, and take out their targets with unerring accuracy—proving that the deadliest weapon in any battle, anywhere in the world, is a single well-aimed shot.

WBCN and the American Revolution Jul 21 2019 How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the "news dissector" Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein's documentary *WBCN and the American Revolution* is available as a DVD sold separately.
